*Boston University* announces the availability of  
***Post-Doctoral Fellowships in  
Rehabilitation Outcomes Research***

Funded by the National Institute of Disability and Rehabilitation Research, the BU Post-Doctoral Fellowship provides an interdisciplinary training and mentorship experience for rehabilitation professionals.

Application packets must contain the following information:

- Curriculum Vitae specifying contact information, educational background, professional and research experience
- Brief narrative statement of career goals and reasons for seeking fellowship
- Rehabilitation Effectiveness & Outcomes Research interest areas
- Publications history to date and a copy of one professional writing sample
- Three academic or professional letters of reference

Fellowships will be for a 12 month duration. Each fellow will receive:  
**\$36,000 annual stipend, individual health insurance coverage,  
tuition stipend, and professional travel allowance.**

For additional information, please visit our website or contact Fran Weidman-Dahl, BU Fellowship Coordinator: [fwdahl@bu.edu](mailto:fwdahl@bu.edu)
