The Hon. Lamar Alexander, Chairman The Hon. Patty Murray, Ranking Member Committee on Health, Education, Labor and Pensions United States Senate Washington, DC 20510 The Hon. Nancy Pelosi, Speaker The Hon. Kevin McCarthy, Minority Leader United States House of Representatives Washington, DC 20515

The Hon. Bobby Scott, Chairman The Hon. Virginia Foxx, Ranking Member Committee on Education and Labor United States House of Representatives Washington, DC 20515

Dear Leaders McConnell and Schumer, Speaker Pelosi, Leader McCarthy, Chairman Alexander, Ranking Member Murray, Chairman Scott and Ranking Member Foxx:

On behalf of the undersigned 127 organizations with a vested interest in the well-being of America's older adults and caregivers, we write to you today in support of the *Supporting Older Americans Act of 2020* (H.R. 4334) to reauthorize the Older Americans Act (OAA).

We recognize and appreciate the diligent bipartisan and bicameral efforts to reauthorize the Older Americans Act, which expired on September 30, 2019. Achieving a reauthorization of this critical Act that reaffirms and protects its mission will ensure the sustainability of vital OAA programs, as well as the health, dignity, and independence of the older Americans and their caregivers who depend on them.

The OAA is essential to developing, coordinating, and delivering home and community-based services that help older adults remain in their homes and communities as they age. Many individuals served by OAA-funded programs would otherwise be at significant risk of hunger, isolation, abuse, and losing their ability to choose where they want to age. OAA-supported programs are provided to more than 11 million seniors and their caregivers annually, and include, but are not limited to, home-delivered and congregate nutrition services, in-home supportive services, multipurpose senior centers, transportation, caregiver support, disease prevention and health promotion, community service employment, the long-term care ombudsman program, and services to prevent the abuse, neglect, and exploitation of older adults.

By keeping seniors healthy and in their communities for more than 50 years, OAA programs have also delayed or prevented the need for more expensive institutional care for many older adults, which is often paid for through Medicare or Medicaid. OAA services can effectively save taxpayer, state, and federal dollars and promote efficiencies within the health care system.

The Supporting Older Americans Act of 2020 builds upon both the House-passed Dignity in Aging Act (H.R. 4334) and the Senate-introduced Modernization of the Older Americans Act Amendments (S. 3057) to incorporate a number of important priorities articulated by stakeholder organizations. Most importantly, the bicameral compromise calls for necessary investments in the OAA by increasing funding authorizations over the next five years—a top priority of the undersigned organizations and the most critical need of the Aging Network authorized by the OAA.

Other priorities within the bill address research and demonstrations, Native American services, local planning and development, supports for those living with dementia and social isolation, legal services, nutrition, in-home supportive services, disease prevention and health promotion, multigenerational collaboration, and family caregiver supports. We appreciate that the *Supporting Older Americans Act of 2020* preserves the numerous ways in which this Act works so well at the federal, state, and local level, on behalf of the older adults and caregivers for whom it is a lifeline to dignity, independence, health, safety, and economic security.

Thank you for your commitment to this important issue. The undersigned organizations represent a diverse set of stakeholders, and we stand ready to build upon existing momentum to swiftly advance the compromise bill through Congress and to the President's desk.

Sincerely,
