APHA is issuing this solicitation for the purposes outlined in Section 1.1 of this RFP.

2.2 Offeror Minimum Qualifications

Offerors must provide proof with their Proposal that the following minimum qualifications have been met:

A. Certification of Eligibility – A certificate is to be included in the proposal for each firm stating that: "The firm is not ineligible to receive award of a contract due to the firm's inclusion on any Federal or District of Columbia lists of debarred contractors, or otherwise ineligible to be awarded a contract using Federal or state funds." This statement should be written on your firm’s letterhead and should be signed by an officer of the firm.

2.3 Scope of Work – Requirements

The National Council for Environmental Health & Equity (EH Council) was recently formed in Spring 2023 as a result of a strategic planning process conducted with the National Environmental Health Partnership Council and the Environmental Health & Equity Collaborative. The Environmental Health and Equity Collaborative and the National Environmental Health Partnership Council were volunteer groups made up of environmental health professionals from national organizations working together to amplify and advance environmental health. Over the past decade, the groups have operated as two distinct organizations but engaged in ad hoc collaboration. In 2022, however, the two groups engaged in a joint strategic planning process to best propel the field of environmental health by aligning work to advance a joint mission and vision. The vision and mission of the EH Council is as follows:

- **Vision:** A healthy and equitable environment in which all people can thrive.
- **Mission:** to protect the public’s health by coordinating and leveraging our collective power to advance health equity and elevate the value of environmental health.

The EH Council is guided by the following core values:

- **Environmental Justice and Structural and Systems Change:** We strive to operationalize anti-racism, equity, diversity, inclusion, accessibility, and fairness by challenging racist and other forms of oppressive and marginalizing structures, systems, and policies and prioritizing long-term, equitable impact.
- **Credibility:** We bring subject matter expertise and evidence-based technical excellence to the work, emphasizing the importance of empathy and lived experience.
- **Collaboration:** We are a diverse group of environmental health experts working with partners and audiences across a variety of sectors and experiences. We bring unique perspectives and strengths to our interdisciplinary partnerships.
Commitment: We are passionate about our mission and leveraging our shared voice to advance environmental health.

The three-year strategic plan and charter document for the EH Council is available upon request.

The Consultant shall provide meeting facilitation support for the National Council for Environmental Health & Equity (EH Council) for approximately two in-person meetings and up to five virtual convenings within a period of 11 months. APHA is seeking a consultant that possesses the following facilitation experience and skills:

- Ability to create a culture of collaboration through an equity lens (e.g. address power dynamics, cultivate participation and engagement among all members, etc.) when supporting and engaging the EH Council;
- Ability to bring professionals together around a common agenda to create collective impact and maintain momentum; and
- Experience in supporting groups in implementing strategic plans and action agendas.
- Experience creating an action-oriented and motivating meeting atmosphere to support forward momentum and feeling of collaboration and belonging.

Though not required, an understanding of environmental health, environmental justice and health equity is desired.

The consultant shall:

- Plan and facilitate up to three meeting planning calls, up to one hour in duration, with APHA and CDC support staff, and the EH Council Leadership Group (3 members) in preparation of each of the EH Council in-person and virtual meetings. Consultant will work with the EH Council Leadership Group and APHA and CDC support staff to create an agenda for the EH Council meetings that aligns with the strategic plan and priority issues and supports a culture of collaboration. The consultant shall provide high-level meeting summaries of the planning calls.
- Facilitate up to two in-person meetings with the EH Council and provide high-level meeting summaries. Each in-person meeting will be approximately 1½-2 days long and will be hosted in the fourth quarter of 2023 and second quarter of 2024.
- Facilitate up to five virtual meetings with the EH Council and provide high-level meeting summaries. Each virtual meeting will be up to two hours and hosted approximately every other month starting in the first quarter of 2024.

Through the meeting facilitation, the EH Council will:

- Continue to work together to implement the EH Council strategic plan and priority issues.
- Strengthen EH Council identity and culture of inclusive, equitable collaboration.

APHA estimates that up to 50 people from the EH Council may participate in the in-person and virtual meetings, as well as 4 supporting APHA and CDC staff. Though the meetings have not yet been scheduled, the intention is to host an in-person meeting in November 2023 and May 2024. Each in-person meeting will be approximately 1½-2 days long. The locations of the in-person meetings are undecided, though one meeting will be hosted in Washington, D.C., and one meeting will either be hosted in Atlanta, Georgia or Washington, D.C. The virtual meetings will be hosted approximately in the following months in 2024: January, March, April, June. Each virtual meeting will be up to two hours long. The meeting
planning calls with the EH Council Leadership Group, APHA and CDC support staff will be held before each of the EH Council meetings. Each meeting planning call will be up to one hour long with the potential of hosting up to three planning calls before each meeting.

APHA will provide the following: meeting space for the in-person meeting(s); materials, catering, and logistical coordination for the in-person meeting(s); scheduling of all the planning calls and EH Council member meetings. APHA will also host the virtual meetings using Zoom and assist with all logistical components of the virtual meetings.
