Jason Albritton, Director of Climate & Energy Policy

The Climate We're In

- The Nature Conservancy – action on all levels
- Our commitment to people and nature
- Clean energy policy in the states & US economic growth

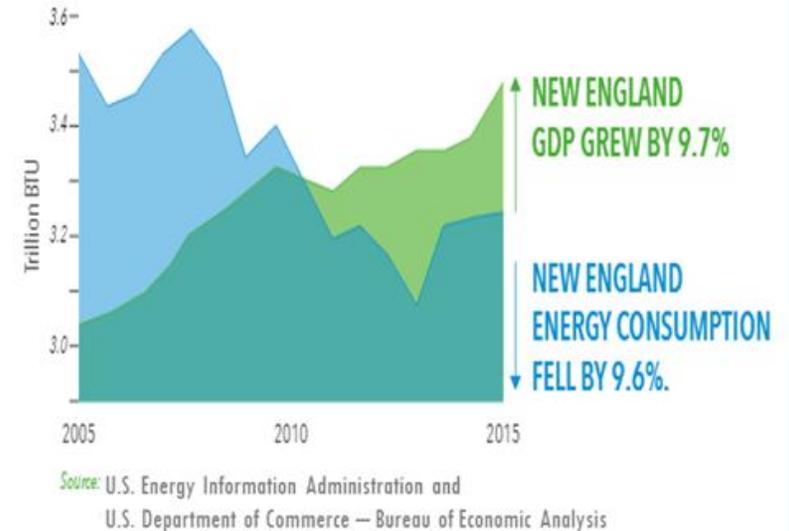

A Clean Energy Future in Ohio

- 2012 suspension of RPS standard
- TNC released its Energy Report with options for empowering Ohio's energy market
 - Accelerated Efficiency
 - Expanded Renewables
- Market-focused reforms

GROWTH IN NEW HAMPSHIRE'S ECONOMY IS NO LONGER TIED TO ENERGY USE

New England doesn't have to increase energy use to grow its economy. In fact, **the GDP in New England grew by 9.7% from 2005-2016, while energy use fell by 9.6%.**

New Hampshire's Energy Future

- New Hampshire Energy Week
- UNH report on cost, reliability, and risk of the electrical power system
 - Energy Use & Economic Growth
 - Cost
 - Reliability
 - Risk
