## **2021 Annual Meeting Theme Submission Form**

APHA's Annual Meeting theme, or emphasis, provides direction for the general session, scientific sessions, exhibiting companies, and design. Many of the scientific sessions focus on the theme, but sessions will cover all aspects of public health, including those outside the area emphasized.

**Submissions without a rationale/description will not be considered.**

Members of the APHA Science Board will review the submission and recommend theme ideas to the Governing Council. The Governing Council will vote on the theme during the 2019 Annual Meeting.

A list of themes from previous years can be found on [APHA's Past and Future Annual Meetings page](#).
