The Association

The American Public Health Association champions the health of all people and all communities. We strengthen the public health profession. We speak out for public health issues and policies backed by science. We are the only organization that influences federal policy, has a nearly 150-year perspective and brings together members from all fields of public health. Together, we are creating the healthiest nation in one generation. The APHA Annual Meeting attracts more than 12,000 attendees. Attendee lists can be purchased or emails can be sent through our 3rd party vendor Exhibitor Invites.
