Regina Davis Moss, PhD, MPH, MCHES
Associate Executive Director
Public Health Policy and Practice
American Public Health Association
About APHA

The American Public Health Association champions the health of all people and all communities. We strengthen the public health profession, promote best practices and share the latest public health research and information. We are the only organization that influences federal policy, has a nearly 150-year perspective and brings together members from all fields of public health. Learn more at www.apha.org.
Positive Approaches to Adolescent Health

Walking the Walk: Applying Positive Youth Development Approaches to Adolescent Health

Diane Foley, MD, FAAP
Deputy Assistant Secretary
HHS Office of the Assistant Secretary for Health
June 18, 2019
Positive Youth Development (PYD)

“An intentional, prosocial approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances young people’s strengths; and promotes positive outcomes for young people by providing opportunities, fostering positive relationships, and furnishing the support needed to build on their leadership strengths.”

– Interagency Working Group on Youth Programs
