

ADDRESS IT TODAY. PREVENT IT TOMORROW.

We can reduce the generational impact of adverse childhood experiences (ACEs), overdose, and suicide.

URGENT IN EVERY COMMUNITY

ACEs, overdose, and suicide are critical and growing public health challenges.

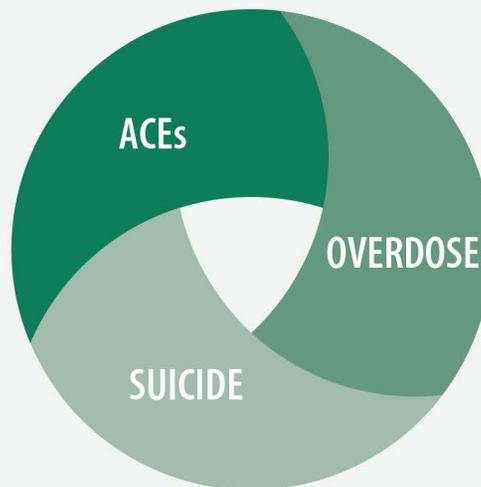

of the 10 leading causes of death are associated with ACEs¹

RELATED TO EACH OTHER

ACEs, overdose, and suicide have generational impact since preventing or addressing any one of these issues...

... decreases the risk of the others both now and for the next generation.

PREVENTABLE IF WE ACT NOW

Aligning policies and programs—and building on community strengths—can prevent ACEs, overdose, and suicide.

Engage People as change agents in their communities

Increase Understanding of the shared root causes

Ensure Equity in policies, programs, and services

Invest in Research to better understand what works

PREVENTION BENEFITS US ALL

Preventing ACEs, overdose, and suicide has wide-ranging benefits.

Increased Economic Productivity

Lower Healthcare Costs

More Effective Programs and Services

Longer Life Span
