

Membership

For science. For action. For health.

APHA is the voice of public health. We want to be your public health home — the place where you connect with colleagues, share ideas and get inspired.

AMERICAN PUBLIC HEALTH ASSOCIATION

For science. For action. For health.

Let's build a move

APHA is more than a professional association. We're a community. Our members work in every discipline of public health, in every U.S. state and in countries across the globe. But we're all united by shared goals: *To prevent disease and injury and create communities in which all people have the opportunity to live long, healthy lives.*

We've made tremendous strides toward these goals, from dramatic declines in the U.S. smoking rate to life-saving increases in the childhood vaccination rate. Public health practitioners and the science of prevention have saved countless lives.

But public health is moving into a new era — an era when addressing the social determinants of health is vital to continued progress and sustaining what we've accomplished. It's time to tackle the very roots of poor health and disease burden, including eliminating health disparities and achieving health equity. This will require partnerships with other fields and sectors.

ement... together.

At APHA, we believe everyone has a role in creating healthy communities. That's why APHA is dedicated to building a diverse movement to create the healthiest nation in one generation. Together, we can transform the way our country approaches health.

When you become a member of APHA, you join a growing movement of people who also believe everyone deserves an opportunity at good health and the lifelong advantages that come with it. You join a movement that reflects and draws strength from the great diversity of the public health field. You join a movement of people who support science, prevention and justice.

We need your voice and your leadership.

*Join APHA today, and help us create
the healthiest nation in one generation.*

The best of APHA

Our efforts to create the healthiest nation in one generation stand on the work you do every day to make our communities healthier and safer for all.

That's why we're dedicated to providing you with the highest-quality professional resources to help you make a difference in your community, improve the practice of public health, and advocate for evidence-based programs and policies.

*As a member of APHA,
you'll have access to the best
APHA has to offer.*

Scientific research and news

- **American Journal of Public Health** — *The nation’s leading peer-reviewed public health journal offers the latest in research, program evaluations and special reports.*
- **The Nation’s Health** — *APHA’s award-winning public health newspaper brings members the latest news on science, policy and practice, original and in-depth articles and free health education materials.*
- **APHA Press** — *We publish a variety of respected books and periodicals on public health topics, such as the best-selling “Control of Communicable Diseases Manual,” the first edition of which was published in 1915. APHA members receive discounts of up to 30 percent.*
- **Public Health Newswire** — *APHA’s daily source for public health news brings readers original Q&As with public health leaders, updates on the latest health threats and policy developments, and media coverage from around the nation.*

Community

- **APHA member groups** — *Within APHA are more than 30 Sections and Special Primary Interest Groups that reflect nearly every discipline and interest within the public health field, from maternal and child health to epidemiology to health education and promotion. As an APHA member, you can join a Section or SPIG and connect with hundreds of colleagues from around the country and world with similar areas of interest and expertise.*
- **APHA Student Assembly** — *APHA student members automatically become members of the Student Assembly, the nation’s largest student-led public health organization. The Student Assembly offers indispensable opportunities in mentoring, networking and professional development.*
- **APHA Connect** — *As an APHA member, you gain exclusive access to an online community where public health professionals can share resources, swap best practices and discuss hot topics.*

Advocacy and policy

- **Take action!** — *As an APHA member, you'll be adding your voice to one of the nation's leading public health advocacy organizations. You'll learn about critical public health legislation and how to effectively advocate on behalf of your community's health.*
- **Get Ready** — *APHA's Get Ready campaign is dedicated to helping Americans prepare themselves, their families and their communities for disasters and emergencies. The site offers a wealth of free health education resources in both English and Spanish.*
- **Public health policy** — *APHA's policy activities are guided by three priorities: strengthening public health infrastructure, ensuring access to care and eliminating health disparities. Our policy products highlight public health success stories and help our members stay on the cutting edge of public health practice. Reports and issue briefs cover a variety of topics, such as health equity, climate change, transportation, gun violence prevention, school-based health, health reform and tobacco.*

Professional development

- **APHA Annual Meeting and Expo** — *This yearly event is the largest gathering of public health professionals in the world, attracting more than 12,000 attendees. Annual Meeting participants can choose from hundreds of scientific sessions and learn from leaders in the public health field. APHA members enjoy deep registration discounts.*
- **Public Health CareerMart** — *Search hundreds of job opportunities, post your resume and connect with potential employers.*
- **Continuing education** — *APHA offers a variety of opportunities to earn continuing education credits throughout the year and at the APHA Annual Meeting.*
- **Online learning** — *APHA organizes and hosts webinars on a wealth of public health topics featuring leading experts in the field. Topics include environmental health, tobacco-free living, health system change and much more.*

APHA is the voice of public health. We want to be your public health home — the place where you connect with colleagues, share ideas and get inspired.

We hope you'll join us on the journey toward a healthier nation. Together, we really can make a difference.

VISION

Create the healthiest nation in one generation

MISSION

Improve the health of the public and achieve equity in health status

The American Public Health Association champions the health of all people and all communities. We strengthen the public health profession, promote best practices and share the latest public health research and information. We are the only organization that influences federal policy, has a nearly 150-year perspective and brings together members from all fields of public health. Learn more at www.apha.org.
